Reasons for Allowance

1. Examiner has reviewed and considered Applicant's comments as indicated on pages 9 – 12 of Applicants response dated (10/27/2006), and after further review of Applicant's response and per Applicants arguments, Examiner is hereby placing claims 1 – 25 in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

A method comprising:

"... wherein only a last block in the sequence ends in a branch instruction, the execution of which causes program flow to branch and end the at least one stream on a taken branch, the remaining basic blocks in each stream each ending in a branch instruction, the execution of which does not cause program flow to branch", as best illustrated by figure 4, and in such a manner as recited in independent claims 1,10,18,20 and 22, and as pointed out in Applicant's amendment (10/27/2006) on pages 9 – 12.

Therefore, claims 1 – 25 are in condition for allowance.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
